The First AI-Powered Security Command Center

Use Cases

- 🔔 **Alert Resolution**
- ⏱️ **Incident Response**
- ⚙️ **Security Automation**
- ⚠️ **Operationalize Threat Intelligence**
- 🔍 **Vulnerability Management**
- 🐛 **Continuous Security Validation**
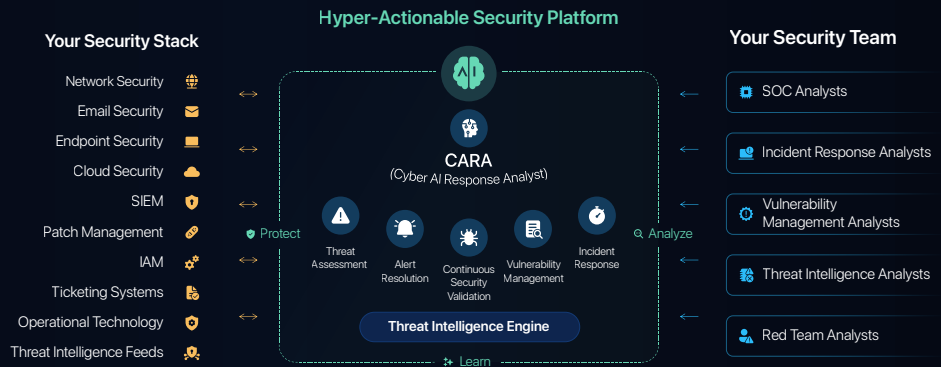

75X
Reduced Dwell Time

99%
Improved Time to Value

5X
Analyst Efficiency

20%+
Reduced Operational Costs

Seamless, Smart, and Hyper-Adaptive

Introducing the first vendor-agnostic, **AI-Powered Security Command Center** built to optimize, centralize and accelerate a company's threat response. The platform's user-centric approach uplevels the entire security team into a proactive AI-powered cyber task force by dynamically centralizing, informing and advising security teams with a smarter, holistic and actionable defense against an ever-evolving threat landscape.

Hyper-Actionable Security Platform

Your Security Stack
- Network Security
- Email Security
- Endpoint Security
- Cloud Security
- SIEM
- Patch Management
- IAM
- Ticketing Systems
- Operational Technology
- Threat Intelligence Feeds

CARA
(Cyber AI Response Analyst)

Threat Assessment • Alert Resolution • Continuous Security Validation • Vulnerability Management • Incident Response

Threat Intelligence Engine

Protect — Analyze — Learn

Your Security Team
- ⚙️ SOC Analysts
- Incident Response Analysts
- Vulnerability Management Analysts
- Threat Intelligence Analysts
- Red Team Analysts

Meet CARA: Your SOC Team's Trusted AI-Advisor

CARA, Cyber AI Response Analyst

CDM Global InfoSec Award Winner — Gartner Tech Innovator Winner

CARA is the first-of-its-kind conversational AI-powered virtual security analyst built natively into the user experience of the StrikeReady Platform. CARA is designed to become an integral part of the analyst experience by informing, accelerating and advising SOC teams with real-time insights needed to make informed decisions and stay ahead of an ever evolving threat landscape.

StrikeReady's award winning and Gartner recognized AI-powered analyst seamlessly integrates with any security tech stack, workflow and SOC team acting as the universal AI-Power for your entire security ecosystem.

Security Analysts

- 🛡 Higher Productivity
- ⚒ Skill Development
- ⏱ Faster Decisions

SOC Leaders

- ⚙ Centralized Operations
- 👥 Team Collaboration
- 🔀 End-to-End Visibility

CISOs

- 💲 Operational Cost Savings
- 🧭 Maximized Tool Utilization
- ⏰ Reduced Response Time

Organizations

- ⚠ Holistic Threat Intelligence
- 🛡 Proactive Security Defense
- 🚀 Accelerated Threat Response

Problems We Solve

- ✓ Get More Out of Your Security Tech
- ✓ Consolidate and Justify Security Spending
- ✓ Overcome Security Resource Limitations
- ✓ Prioritize Security Alerts
- ✓ Automate Repetitive Security Tasks
- ✓ Centralize and Unify Your Security Operations

Maximize Your Security Stack — Seamless Integration, Zero Hidden Fees

StrikeReady's AI-Powered Command Center is purpose built to integrate with your existing and always evolving security ecosystem. StrikeReady has built over **650 Integrations for over 300 products**. This revolutionary Bring Your Own Security Stack approach empowers security teams to tailor and optimize their defense infrastructure according to their specific needs and preferences.
